

## Quality Practice Accommodation Providers

**Mission Statement - *(to be used on lodge websites or in literature to describe your lodge membership)***

As part of our **Kanha Jungle Lodge**, commitment to responsible tourism practices, we are Wildlife Lodge members of the Travel Operators for Tigers campaign (TOFTigers).

TOFTigers is a global travel industry initiative which aims, to advocate, catalyse and support a more responsible and sustainable approach to wildlife tourism in India's Tiger Reserves. Its objective is to support specific conservation and local community projects which benefit the local villagers and the wildlife within the parks you visit as part of your stay with us.

As part of this campaign we have been environmentally ranked through a process called the PUG audit, as a **Quality Practice Certification** provider, in our operational practices, the second highest PUG ranking.

This allow visitors to rest assured that your visit to **Kanha Jungle Lodge** in **Kanha National Park** is enjoyed in a lodge that is working to decrease its impact on its local environment. We seek to employ and supports local communities where it is possible, and have agreed to consider both the environmental and social issues in our operational decision making, working towards environmental 'best practice' of our lodge operations.
